QuadStick profile reference — codawps.csv

Modes	Console names	Output
5	PlayStation	USB

■ Sip = draw air in ■ Puff = blow out

A soft sip or puff is gentle — the QuadStick beeps. A hard one is firm — it clicks. Left + Center means sip or puff on both holes at once.

Modes in this profile

1	Left Left joy	●○○○○
2	Mixed Left joy	○●○○○
3	Right Right joy	○○●○○
4	Strafe Left joy	○○○●○
5	D-Pad D-Pad	○○○○●

The five lights show which mode is active. After mode 5 the last light stays on and the count starts again.

Changing mode

- Side tube sip → Mode +
- Side tube puff → Mode –

To change to a different profile file: long hard sip on the side tube, move the joystick until the lights show the file you want, then press the lip.
